Caledonia #9 is planning a series of workshops we are calling Second Sundays that will be focused on agricultural themes. We will be starting in the spring and run through the summer and fall of 2025. We will have more details about the topics and dates after our February meeting.

One of our members also has two young musician sons and we are planning for the Grange to host a number of different music events based on a different musical genre for each event. Local musicians will be invited to perform at the different events. Thanks, Rob MacLeod President
